Boston's hard rock legends **MASS** have had numerous accomplishments over the years but most notably is the selling of over half a million albums worldwide!

MASS are legends in the New England area and have a good strong following in the USA & Europe where they have released eight studio albums on labels such as **A&M, RCA** and **Enigma**. They have worked with such producers as **Tom Allom (Judas Priest), Jon Mathias (Joe Cocker), Tony Platt (Cheap Trick / Led Zeppelin)** and **Michael Sweet (Stryper)** who has also contributed to this very release. They have toured with **Scorpions, Cinderella, Molly Hatchet, Tesla, The Ramones, Kix & Vince Neil** to name but a few....

MASS first started recording music in the early eighties and since then have released 7 studio recordings and with "When 2 Worlds Collide" this will be their 8th studio album. Their music can only be described as Melodic Hard Rock of the highest order; they certainly have a pedigree in this type of music and they hail from Boston too, home of the band of the very same name! In fact Louis from **MASS** has sung on the **Boston** album "Love, Life and Hope".

MASS are releasing their latest record "When 2 Worlds Collide" on **Limited Edition Purple Vinyl**, each individually labeled 1-500.
